

JULY 22ND, 2017

&

SEPTEMBER 23RD, 2017

**CATALOG DEADLINE SEPTEMBER
6TH**

We have 2 more horse sales left this year. Our last sale we sold 90 head of horses. We have some great ranch and performance horses in our upcoming sales. Please don't hesitate to call us for more information on any of the horses.

We will be live streaming our preview for catalog horses as well as our sale itself. This brings more buyers from far away who can't be here for the sale, resulting in more money for horses and better opportunities to get your horses sold.

We won't be mailing out many catalogs to be more cost proficient, so please get signed up on our email list to stay current with what's going on.

For more information please contact Jeff or Amy at (541) 567-6649 or visit www.hermistonhorsesale.com.

SALE

DECEMBER 5th – SPECIAL FEEDER

HELLO SUMMER!!

It's getting HOT out there! We had a rough winter and now summer is here in full force. We hope this finds you all well. We are excited about the fall run, with better pens, more cattle and great buyers. We rebuilt another row of pens in June. The new pens will make the sorting during the fall run easier and faster. Again, everything available locally, we bought here. We appreciate the support of the livestock market and want to keep what we can in our community. We want to thank our consignors and buyers for their support to keep improving our livestock market.

The prices for feeder calves have taken a hit this week, if you watch the futures. It's hard to base everything on the futures, due to the fact, it seems to be people making money from our business, that have never owned a cow. In information that we have received, it seems the futures were a bit truer to themselves when people had to make good on the delivery of their cattle. As in everything, things change and I'm sure there will be a new way before long that will help out. While we can't control the futures, we can look at the value of the meat, exports and the value of the US dollar. We can't control the futures, but we guarantee we will help you get the most for your cattle when you sell them with us.

ABOUT THE MARKET

Our butcher market has been great! We have 4 very competitive packers that have made our market prices awesome for our consignors. No one's complaining about getting around \$2000 for a bull they are no longer using or around \$1000 for an open cow.

5/16-6/27 2017 Market Report

Feeder Cattle

#	Heifers	Steers
300-400#	\$1.40-\$1.60	\$1.40-\$1.60
